DRIVING INSTRUCTOR SPOTLIGHT Leslie Sevin

Leslie is both a 38 hour driver education classroom instructor and an in-vehicle instructor. She has worked with South Lafourche Driving School for 1.5 years. She is often the 38 hour classroom instructor at our East Houma and Larose Locations.

Leslie has been in education for 30 years. She has worked all 30 years in Terrebonne Parish as a classroom teacher for 8 years and as a school counselor for 22 years at South Terrebonne High School. Leslie has also worked outside the typical classroom setting with the Operation MOVE after school program, as an evening instructor with Bayou Cane Adult Education, and as a test coordinator for high school summer testing.

Leslie has a Bachelors Degree in Math Education with a minor in French, and she has a Masters of Education in Guidance Counseling. She loves spending time with family and friends, working on crafts, and sometimes just being lazy (which seldom happens, by the way).

"I love working with the students. I like sharing personal driving experiences with

Special Holiday Discount

Get \$5 off the regular price for each non-perishable food item you bring to class (max of 3 items applied to discount)! That's \$5 off (max \$15) of \$370 for the 38 hour class and \$5 off (max \$15) of \$280 for the 14 hour class). This does not apply to sibling discount which is already as low as \$350! Donations go to Good Samaritan Food Bank! Offer is good at ALL locations thru the holiday season!

men hoping they will become good, safe drivers. I like helping students to feel comfortable with driving and helping them to build the self-confidence they need to be cautious drivers."

Parent IMPACT: Strategies for Coaching Your New Driver Words of Experience from James Suttle, Owner

Supervising Your Beginning Driver

According to the National Highway Traffic and Safety Administration (NHTSA), 94% of motor vehicle crashes are due to human error. Human error is defined by mistakes drivers make while driving: too fast, sleeping at the wheel, texting while driving, driving while intoxicated, and such. The remaining 6 % is due to mechanical failure and environmental factors such as weather. NHTSA has a calendar for 2020 bringing attention to driver safety awareness. The calendar is posted to the right.
